

Meadowmeer G & CC

"New Look for the Grill"

January 2020 Newsletter

Happy New Year – As we welcome in 2020 we want to encourage Members to get involved with your club. We are in the process of forming and adding to committees to help make Meadowmeer a more enjoyable experience for everyone. In particular, we need members to help us plan better social events, tournaments, golf course and clubhouse improvements. If you are interested in helping, please drop David a note! dtunkkari@gmail.com.

Men's & Ladies Club

Men's Club & Thursday Night League Captains Meeting – Thursday, February 20th at 6:02 pm. We are looking for Members to serve on the committee!

Ladies Club Kick-Off -Tuesday, March 10th at 5pm.

Both meetings will take place at the clubhouse this year.

Friends of Meadowmeer Fundraiser and the Grill Improvements. Due to an incredible amount of member donations, we have exceeded our fund raising goals. We also had several members donate a lot of labor and expertise to make the Grill improvements surpass even the most optimistic expectations. Thank you to everyone! We are just getting the Grill up and going to full speed. We will be back open from 11:00 AM – 5:00 PM seven days a week starting on January 7th. We are planning a nice thank you party for the members. We also look forward to starting dinner nights here at the club. Information on these events will be available within the next couple of weeks. Once again, THANK YOU! We also encourage you to come up and check out the improvements!

Pro's Tip – January is here and with it comes a lot of great golf on the television. Watching the tournaments being played in warm and beautiful locations makes me eager to pick up the clubs and start swinging. Being that I didn't play as much as I would like last year, my New Year's resolution is to get out and play and practice more often this year. I enjoy working on my game and when I do practice, I tend to play better. When I play better, I tend to have more fun. More practice = more fun – yea! Practice doesn't have to be hard work. I try to keep my practice session short in duration and with a simple focus. I think spending fifteen minutes a couple of times a week just practicing your chipping is plenty of time to improve that part of your game. If you could pick a couple of areas of your game to work on it would be easy to start shaving strokes off your score. Don't just jump out and start practicing. Make sure you have a good plan on what you want to work on. Find good drills and practice routines to help you work on your technique. Just hitting balls will only help you groove your mistakes. Your friendly local pro would be happy to help you come up with ideas for your practice sessions that are more productive and beneficial for your game. Make sure you come up with a plan or resolution for your golf game this year. Get out and make it happen, have more fun!

Cart Path Only! This winter started off very dry. However, we are now making up for it with a lot of rain. We want to remind everyone that they need to keep the carts on the cart paths at all times. Driving on wet ground damages the turf. Help us keep the golf course in great shape by keeping your power cart on the cart path!

Meadowmeer Grill Winter Hours:

Daily 11:00 - 5:00 pm

Happy Hour 3:00 - 5:00 pm Everyday
